

Car-O-Tronic™ "Vision" X3 Computerized Electronic Measuring System

Car-O-Tronic "Vision" is the revolutionary computerized electronic measuring system made for the future. Experience Car-O-Tronic Vision — one of the fastest, most accurate and easiest to use computerized measuring systems on the market today! It guides the entire repair process and performs automatic centering, measuring and documentation. It is photo-based integrated with the worlds largest vehicle database and fully compatible with any alignment systems.

With our comprehensive measuring data, you will see an immediate improvement in the level of quality your technicians put into every repair. Our measuring specifications increase the productivity and the efficiency of the work — twin prerequisites for your productive business.

Features:

- Upper and lower body measuring.
- Damage and repair documentation.
- "No cables or targets" — Bluetooth communication.
- Worldwide VIN decoding.
- Suspension check diagnosis.
- Upper body measuring for "all" vehicles.
- Surface damage diagnostics.
- Measuring point photos.
- Multimedia support for Car-O-Liner's universal parts fixturing.
- Three-dimensional, comparative and point-to-point measuring modes.
- Data supplied for over 10,000 vehicles.
- New data CD published quarterly and new applications available via Internet.
- Identifies vehicle damage areas and just as importantly — undamaged areas.
- Easy to learn and use with interactive training.
- Compatible with all Car-O-Liner collision repair systems and with many competitive systems.

Includes:

- 200-141-015-0330 Measuring Slide (M90).
- 200-141-090-0090 Vision Cabinet.
- 200-141-060-0440 Car-O-Data.
- 200-141-060-0490 X3 Software.
- 200-141-080-0000 Measuring Bridge 4 m (M74).
- 200-141-070-0000 Measuring Parts.
- 200-141-050-0037 Battery Charger.

Options:

[200-141-095-0001](#) Monitor Cover (M82).

[200-141-080-0200](#) Measuring Bridge 5 m (M75).

[200-141-112-0000](#) Car-O-Tronic Bridge Support Stand (M802).

Computer System Minimum Requirements:

- Windows® XP Professional
- 2.4 Ghz Processor
- 1024MB Ram

Car-O-Tronic™ "Vision" System

Articulating Measuring Arm

- 20GB hard drive
- Constant Internet Connection (DSL) or higher
- 2 USB Ports
- CD/DVD Drive
